Life Is On™

Your home is more than four walls; it is a living, breathing space.
We create technology that brings your home to life. Life Is On.

Affordable audio anywhere in your home

Clipsal Bluetooth Home Audio is a fantastic audio solution that combines the benefits of Bluetooth connectivity and crisp, clear audio anywhere in your home – without blowing your budget.

Listen to what you want, where you want

Whether you want audio in the kitchen, bathroom, living room or outdoor entertaining area, Clipsal Bluetooth Home Audio has the flexibility to let you enjoy music in the favourite areas of your home.

Wireless control, audio at your fingertips

Bluetooth Home Audio lets you enjoy control from your smartphone, iPod, tablet, or any Bluetooth enabled device. You can also personalise each speaker zone for easy identification and pairing.

**BLUETOOTH
HOME AUDIO**

4" **SPEAKER**

Relax listening to your favourite audio in the bathroom or the bedroom. These compact yet powerful 4" Speakers are ideal for smaller areas around the home.

They also feature an aluminium grille to provide greater resistance from steam or moisture, so you'll enjoy music in the bathroom for many years to come.

6.5" SPEAKER

If you require more sound for larger areas around the home, such as the living room, kitchen or outdoor entertaining area, the 6.5" Speakers are your best choice.

And when you combine their powerful output with the stylish low-profile design, you get a speaker that is often heard, but rarely seen.

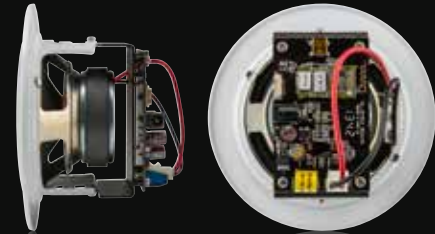

AMPLIFIER

If you already have an audio system, but want to enjoy the convenience of playing and controlling your music from a smart device, then the Bluetooth Amplifier is just what you need.

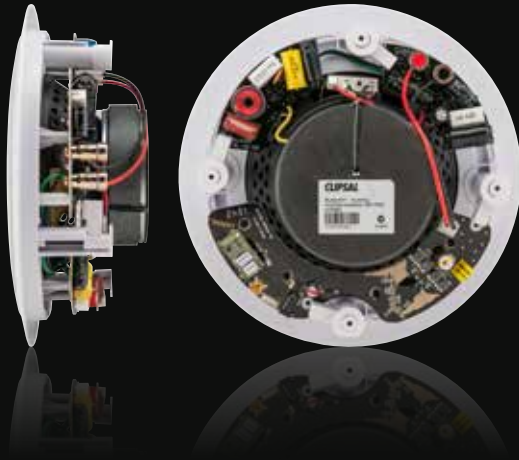

The Bluetooth Amplifier will enhance your audio system. It's easy to install with your existing speakers, so you can enjoy the flexibility and freedom of control from a Bluetooth enabled device.

BLUETOOTH HOME AUDIO

S P E C I

- > Input frequency: 2.4GHz
- > Ceiling mounted
- > Bluetooth compatibility: A2DP Bluetooth enabled devices
- > Bluetooth system: Bluetooth 2.1 + EDR/Class 1
- > Range: up to 10m
- > Audio output: 8W RMS per channel
- > Power requirement: 12V, 1.5 amp, DC input (240V power source required)
- > Amplifier type: Class D
- > Frequency response: 165Hz – 20KHz
- > Speaker diameter: 135mm
- > Magnet: 3oz
- > Sensitivity: 86dB
- > Weight: 1.35kg
- > PIN code for secure pairing N code for pairing
- > Zone personalising for easy pairing with Bluetooth device
- > Green technology: smart power efficient amplifier with auto-sensing ON/OFF
