by Schneider Electric

7th March 2017

Clipsal & Schneider Electric Australia Price Change Notification Effective 1st May 2017

Dear Valued Customer

We would like to notify you of a pricing adjustment effective Monday, 1st May 2017. In recent months we have seen considerable increases in a number of key commodity prices, a trend which is expected to continue through 2017. At every opportunity we've endeavoured to find cost savings to mitigate this, however, we've concluded a price adjustment is necessary to maintain our current levels of quality and service.

You will see a varying level of price changes across our product range, with the actual impact determined by the basket of goods purchased. Price Files will be made available to our direct accounts from late March.

Should you require detailed pricing information prior to the receipt of the updated price addendum file, or have any queries, please contact your Sales Representative or our Customer Service Centre on 1300 369 233.

For those customers who are already using My Schneider Electric (MySE), this information will be readily available to you in your online account once the scheduled price change takes effect.

The new prices will also be available on our Clipsal iCat which continues to provide real time portable access to price and other information for products under both the Clipsal and Schneider brands.

We thank you for your continued support and ask that you communicate this notification as appropriate.

Yours Sincerely

Gareth O'Reilly
Zone President Pacific
