Trade Price Adjustment – 1st May 2026

Dear Valued Customer,

We have endeavoured to limit any price increases as much as possible. However, due to continued increases in our input costs such as wages and freight, we now find it necessary to implement a price adjustment.

Please note that we have not implemented a price increase since March 2023. The trade price list will be increasing by an average of 5% across our product range, effective 1st May 2026.

We thank you for your understanding and continued support. We remain committed to providing you with quality products, technical support and the highest level of service.

If you have any questions, please contact the Burndy Sales Team for further information.

Yours faithfully,

Gordon Wall

General Manager
