Dear valued customer,

Price Adjustment Notification

Please be advised, due to current cost pressures involving freight, exchange rate, raw materials and other contributing factors we will be adjusting prices across our range with an effective date of 1st May 2025.

To ensure we maintain a competitive position in the market we have endeavored to keep the price rise to a minimum.

Orders placed prior to 1st May will be invoiced at the price the order was originally received. Orders placed after the 1st May will be invoiced at the adjusted price.

We will forward your updated price file in the coming days which will detail all changes and allow you time to have your internal system adjusted by the effective date.

Should you have any questions regarding this please do not hesitate to reach out to your sales representative.

We thank you for your understanding and look forward to your ongoing support.

Regards,

Robert Brian

General Manager - Trade
