

24<sup>th</sup> February 2025

## **LEDVANCE Australia Price Increase 1st May 2025**

Over the last 12 months LEDVANCE Australia commenced a range of initiatives to help offset inflationary business input cost pressures and foreign exchange losses against our product costs.

Despite our efforts, these local and global costs have continued to escalate which now require LEDVANCE to pass on some of these and advise of a price increase from 1<sup>st</sup> May 2025.

LEDVANCE now provides 60 days advanced notice of a pending price increase representing a weighted average increase of approximately 4.0% over our whole range from Luminaires and LED/Traditional Lamps to Electronic Control Gear and Sensors.

A new Master Data Price File will be made available to upload before 30<sup>th</sup> April 2025.

LEDVANCE Australia continue to remain committed in delivering exceptional customer **Service** and **Support**, with products of the highest **Quality**.

Our team thank you for your support as we continue to bring to market new OSRAM and LEDVANCE branded innovative Lamp and Luminaire products.

Please contact your State Sales Manager or me by email, should you have any questions relating to the price adjustment.

Yours Faithfully,

**Ben Mills**  
**Managing Director**
